

# Life's Abundance®

## Premium Health Food for Kittens & Adult Cats

Life's Abundance Premium Health Food is veterinarian-formulated with select ingredients to help your cat achieve and maintain optimum health. We use a "fast-cook" process to help preserve the nutritional value of each and every wholesome ingredient. And we maintain strict inventory controls to ensure the quality and safety of our foods. With Life's Abundance, you can be confident that you're feeding your cat advanced nutrition.

Our foods are made with the finest ingredients, including ...

- A proprietary blend of vitamins and minerals
- High-quality protein from chicken and catfish meals for strong muscles
- An antioxidant system including vitamins A, C and E
- Omega-3 fatty acids for healthy skin and a shiny coat
- Calcium and phosphorus for healthy teeth and strong bones
- Dietary fiber to help maintain a healthy digestive tract

Since we use only wholesome ingredients, this formula contains ...

- No artificial flavors
- No artificial colors
- No corn or corn gluten
- No wheat or wheat gluten

HealthyPetNet is committed to providing nourishing foods, treats, supplements and care products for companion animals. We're proud to deliver a selection of premium products, with the nutrients cats need and the tastes they will crave.

### CALORIE CONTENT:

Metabolizable Energy (ME) = 4,065 kcal/kg, 495 kcal/cup (calculated). Amounts are based on the use of a standard measuring cup.

Life's Abundance Premium Health Food For Kittens & Adult Cats is formulated to meet the nutritional levels established by the Association of American Feed Control Officials (AAFCO) Cat Food Nutrient Profiles for all life stages.

### Feeding Instructions For Kittens:

When ready to eat solid food, begin feeding moistened kibble and "free feed" until fully weaned, between 6-8 weeks old. After weaning, feed the "Suggested Daily Amount" of dry kibble according to weight and add at least 25% more. Individual Meal Feeding: From 9 weeks on, divide the daily amount and feed 3-4 meals in a 24-hour period. Free Feed: Measure the entire daily amount into a dish and allow your kitten to eat at will over the course of a 24-hour period. This method of feeding may lead to obesity. Food requirements may vary for individual kittens.

### Feeding Instructions For Adults:

Start with the suggested amount of Life's Abundance per day. Use the "Suggested Daily Amount" as a guideline. You can adjust the amount you feed by more or less depending on your cat's weight and body condition. Keep fresh drinking water available at all times.

### Feeding Instructions For Pregnant And Nursing Queens:

Needs will increase during late gestation and especially nursing (up to three times normal requirements). Keep food available for nursing queens at all times.

3 - 6 lbs. ....	1/4 to 1/3 cup
7 - 12 lbs. ....	1/3 to 1/2 cup
13 - 18 lbs. ....	1/2 to 3/4 cup

We guarantee all our products. If for any reason you are dissatisfied with this or other HealthyPetNet products, you are entitled to a full refund, consistent with HealthyPetNet's policy.
